Our Journey

Established in 2001

Established in 2001, Sri Varahi Chemicals stands as a key player in sodium silicate liquid manufacturing. The brainchild of Mr. L.P. Sanjeev Kumar Jain and Mrs. Leena Jain, this transformative journey began with a vision that continues to propel our company forward. Mr. L.P. Sanjeev Kumar Jain, drawing upon 34 years of expertise since 1987 in sodium silicate liquid, remains the driving force behind our sustained growth. Since 2005, our commitment to excellence has been steadfast, as evidenced by our dedicated importation of soda ash and sodium tri poly phosphate to cater to the evolving needs of the detergent industry.

About Us

A Message from Our Chairman

Established in 2001 by Mr. L.P. Sanjeev Kumar Jain and Mrs. Leena Jain, Sri Varahi Chemicals has grown into a key player in sodium silicate liquid manufacturing, driven by a vision of excellence and sustainability.

Our Vision and Mission

Our commitment to sustainability is ingrained in our manufacturing processes. We prioritize environmental responsibility by using natural gas as a clean fuel, ensuring both economic viability and a minimal ecological footprint.

Industry Expertise

Mr. L.P. Sanjeev Kumar Jain, with 34 years of expertise since 1987 in sodium silicate liquid, remains the driving force behind our sustained growth.

ABOUT US

**SRI VARAHI
CHEMICALS**
QUALITY IS OUR TRAIT

Mastering the production of sodium silicate liquid, Sri Varahi Chemicals expanded its horizons into the realm of Sodium Silicate glass, more commonly recognized as soluble glass. Our commitment to sustainability is not just a mere principle; it is ingrained in the very fabric of our manufacturing processes. Prioritizing environmental responsibility, we have embraced natural gas as a clean fuel, ensuring economic viability and a minimized ecological footprint.

This unwavering dedication underscores our pledge to craft products that not only meet the highest quality standards but also contribute positively to the environment we inhabit.

**SRI VARAHI
CHEMICALS**
QUALITY IS OUR TRAIT

QUALITY

At Varahi, we tirelessly strive for elevated customer satisfaction by providing products that are not only innovative & reliable but also of the highest quality. Our commitment extends to ensuring prompt & effective delivery, embodying our relentless pursuit of excellence

MISSION

We are committed to becoming the foremost & trustworthy manufacturer & supplier of silicate on a global scale. Our unwavering commitment to the highest standards propels us to consistently create top-quality products, all the while maintaining a conscientious approach towards the environment, society, & the well-being of our valued employees.

VISSION

We envision global recognition as a dependable partner within the core industry, where our commitment to integrity, quality, teamwork, & innovation propels us. Through continuous improvement led by our dedicated team, we aim to earn the enthusiasm and trust of our customers.

A LEGACY OF EXCELLENCE SINCE 25+ YEARS

Message from the
Chairman
Dear Valued Partners,

We owe our success to the strong relationships we have built with our partners and customers, and we are committed to maintaining these bonds through transparent communication, reliable service, and the consistent delivery of top-notch products. As we look to the future, we are excited about the opportunities ahead and remain steadfast in our mission to provide the best Sodium Silicate Liquid and Potassium Silicate solutions in the industry.

Thank you for your continued trust and support.

Warm regards,
Mr. Sanjeev Kumar Jain
Chairman
SRI VARAHI CHEMICALS

OUR PRODUCTS

MANUFACTURERS OF

Potassium Silicate Liquid

- Sodium Silicate Glass
- Sodium Meta Silicate
- Potassium Silicate Powder
- Potassium Silicate Glass

Sodium Silicate Liquid

Sodium Silicate Powder

IMPORTERS OF

Soda Ash Dense

- Soap Noodles
- Citric Acid
- Phosphoric Acid

Soda Ash Light

STPP

MINERALS

- Potassium Hydroxide
- Hydrogen Peroxide
- Sodium Bicarbonate

Quartz Powder

Feldspar

Aluminium Sulphate

TRADERS OF

- China Clay
- Calcium Carbonate
- Bentonite

Caustic Soda Lye

Caustic Soda Flakes

Sodium Nitrate

WHY CHOOSE US?

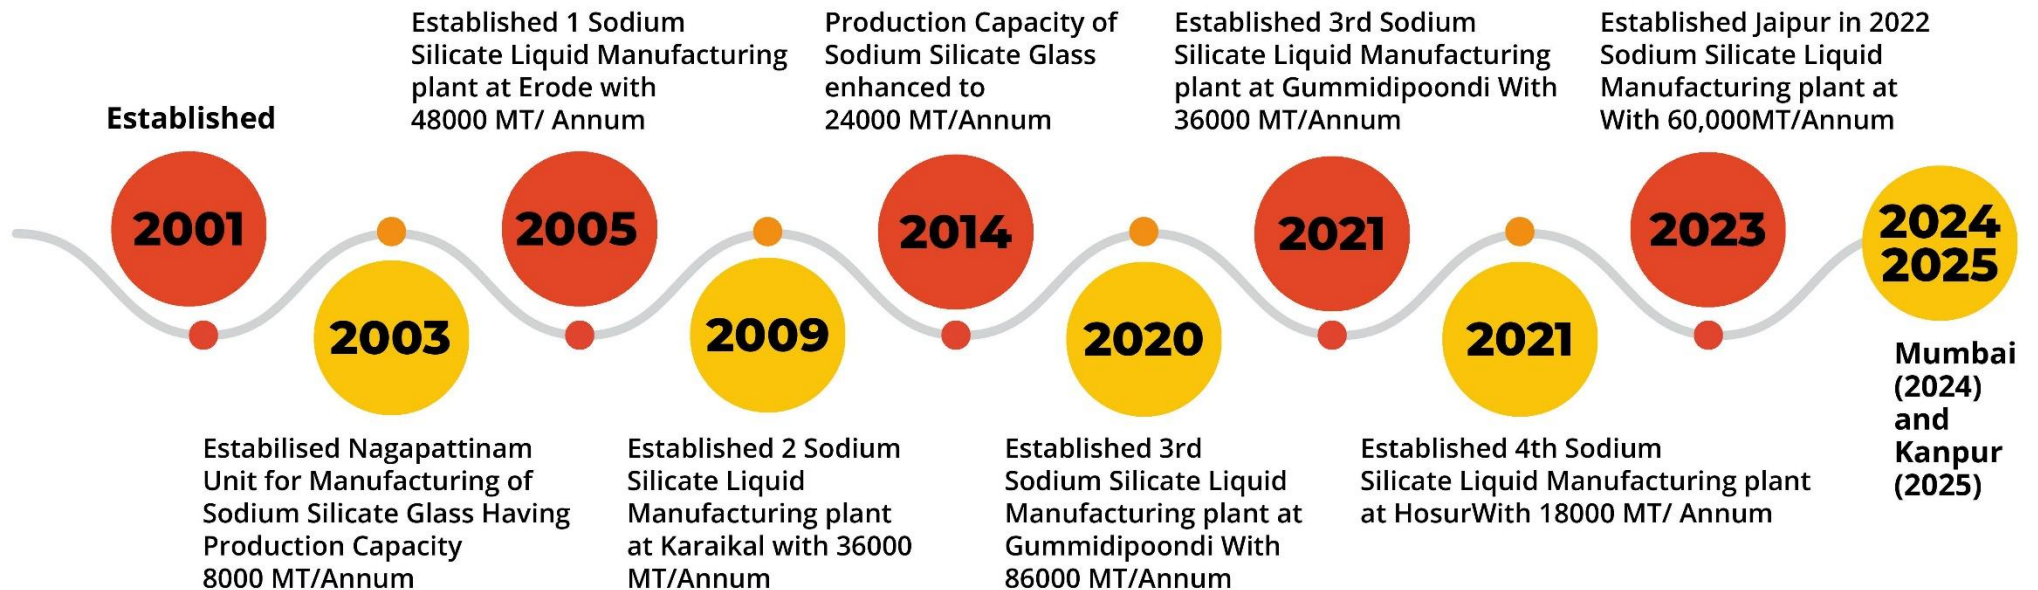

- 1 Quality Assurance and Lab Tested Products
- 2 On Time Delivery with dedicated 50+ feed
- 3 Filtered Sodium Silicate using Automized Filter press as speed
- 4 Customized Solutions as per requirement
- 5 24X7 Customer Support and assistance
- 6 Our distinct and diversified products of superior quality, offering a vast product mix, manufactured at the best facility
- 7 Easy buying process with a dedicated sales team
- 8 High degree of stock availability with no minimum order quantity
- 9 Efficient logistics procedures securing fast and safe deliverie
- 10 End to End Solution from Storage to Usage
- 11 Pricing the best as 5 stage process
